Hong Kong, April 29-Li, the admiral of Canton, has been murdered by the rebels who are again strong. The gates of the city have been closed. The loyalty of the troops is doubted, and this fear has caused much excitement among the peaceful

inhabitants.

Refugees arriving here confirm earlier reports of the uprising, which appears to have been instigated by anti-Manchus who went to that city from Macao and Hong Kong and spread the revolutionary propaganda among the troops at a time when they were nursing several grievances.

Hundreds of rebels have been killed or woundand the fighting which began with an attack on the viceroy's palace Thursday. Brigadier-General Chung, who was mortally wounded while attempt-ing to suppress the revolt, died yesterday. Two British torpedo boat destroyers have been sent to Canton from here.

To any parties looking for a good investment, here is a splendid opportunity. You cannot lose anything—and where is there a town in the West with a more promising future than Camrose? This town must grow to at least 5,000 people in the next three or four years, and if it does these lots above offered will at least be worth \$200 each. This is not real estate hot air but Sound Reasoning, which no one can deny, so come to this sale, you may get some of these lots very cheap, for they will positively be sold to the highest bidder.

# DRINK

IS THE

Cause of Nearly All Business Failures

D O NOT invest money in business with the man who drinks liquor—he is a poor speculation—certait; unsafe, irresponsible. He means well, but with an alcoholic-poisoned system and a whisky-driven brain, he makes up about 95 per centr of the business failures of the country each year. Liquor has ruined—mentally, physically and financially—every man who has continued to drink it. Why not have the desire and craving for liquor done away with and your nervous system restored. The very best time to come is NOW!
